## SILICA SAND FOR GRAVEL PACK

Colorado Silica Sand is one of the few locations in the country capable of producing and processing high grade silica sand for specialized gravel pack applications. Their silica sand is naturally rounded from glacial deposits. The silica sand is washed, kiln dried, and screened to exacting specifications.

## QUANTITY PRICING FOR SILICA SAND

1 - 19 Sacks      20 - 55 Sacks      Pallet of 56 Sacks

# 10 - # 20 Silica 1020SILICA	\$ 9.75 @	\$ 8.20 @	\$ 7.25 @
# 8 - # 12 Silica 812SILICA	(NO LONGER STOCKED)		
# 20 - # 40 Silica 2040SILICA	(NO LONGER STOCKED)		

**ALL SIZES OF SILICA SAND STOCKED IN EASY TO HANDLE 50 LBS. SACKS  
 THERE ARE 56 - 50 LBS. SACKS TO A PALLET -- 2800 LBS. TO A PALLET**

Our Denver stock of Colorado Silica Sand is all in 50 lbs. sacks -- 56 sacks to a full pallet. These lighter 50 lbs. sacks are easier for hand loading, easier for handling at the well site in the gravel pack operation, and avoid possible employee back problems.

Large quantities of # 10 - # 20 silica sand are normally stocked at our Denver warehouse. Smaller quantities of # 8 - # 12 silica and # 20 - # 40 silica sand are also stocked at our Denver warehouse.
